MEMBERSHIP REFUND

ALL of our membership packages are refundable within the first 90 days, minus a refund fee for setup and educational services already rendered. You may request a refund at any time during this 90-day period, subject to the following:

≤ 90 days – 35% Refund Fee (Monthly & Quarterly Disbursements)

For members that selected Semi-Annual Disbursements, the Membership Refund period and fee is:

≤ 90 days – 20% Refund Fee & Forfeiture of all Reward Points Earned

REWARDS POINTS & ROYALTIES

As a member, you will earn MONTHLY reward points for your participation. These points are distributed on a Monthly, Quarterly, and Semi-Annual basis. The reward points are a percentage of your membership package with our program; and can reach up to 4%, 6% and 8% per month, respectively. (Ex: A Presidential membership - with a quarterly disbursement, will earn up to 4,000 reward points per month, given out quarterly...approximately 12,000 reward points every quarter.)

Commencement: Members will begin earning Reward Points either on the 1st or 15th of the month, depending on when they purchased their membership. (Ex: If you purchase your membership on the 8th of the month, you will begin earning Reward Points on the 15th. And if you purchase your membership on the 16th, then you will start earning Reward Points on the 1st of the following month.)

Earning Reward Points: Members earn their Reward Points by maintaining their membership and participating in the JayTradz program. Rewards Points are earned every month and disbursed on a Monthly, Quarterly, and Semi-Annual basis. (Ex: An Associate membership - with a monthly disbursement, will earn up to 400 reward points per month, given out every month.)

Graduation Membership Bonus: Graduation Membership Bonus: For those Members that complete a full cycle on a membership level, you shall be awarded a Graduation Bonus of 100% of your membership package value in Reward Points. (Ex: A Corporate member will earn 250,000 Reward Points upon completion of their cycle).

Maximum Membership Reward Points: Members are permitted to earn a maximum in Reward Points that equal to 100% of your Member Package. (Ex: An Executive member can earn a maximum of 50,000 Reward Points). Once you reach your maximum Reward Points, then you must either upgrade your existing membership, or purchase a new membership. No additional Membership Reward Points will be earned beyond this 100% cap, with the exception of the Direct Referral Bonus increase below.

Direct Referral Bonus: Members will receive a one-time 5% bonus to any new member that they “directly” refer to the JayTradz program that then purchases a package. (Ex: Member A refers Mr. X to the program, and Mr. X purchases a Chairman membership; then Member A will earn 5,000 Reward Points for this referral.) This “direct” referral has a limit of 100% of your Member Package level on the number of direct referrals that can be made. This bonus raises your Maximum Membership Reward Points CAP to 300% for the referring Member’s membership package. There are NO secondary referral rewards (meaning you earn NO points from a new member referred by Mr. X).

Royalty Referral Bonus: For those Members that you “directly” refer, as defined above, you will receive a 1% Royalty Referral Bonus based on the membership packages purchased by those that you referred. And you will earn this 1% every month, for 12-months, from ALL of the “direct” referrals, as long as those referred members maintain their Membership package. This 1% will be distributed monthly. (Ex: You referred Mr. X, whom purchased a Chairman membership, then you will earn 1,000 points per month, for 12 months, as long as Mr. X maintains his membership.). Coupled with the Direct Referral above, totals 17% from any and all Direct Referrals. Not Subject to the Maximum Membership Rewards Points cap.

REDEEMING POINTS

As a member, you will earn MONTHLY reward points for your participation. These points are distributed on a Monthly, Quarterly, and Semi-Annual basis. The reward points are a percentage of your membership package with our program; and can reach up to 4%, 6% and 8% per month, respectively. (Ex: A Presidential membership will earn up to 8k reward points per month, given out quarterly...approximately 24,000 reward points every quarter.)

Our reward points can be used to redeem various prizes, services, and even crypto currency. Choose your reward:

- ☒ Domestic Travel to Las Vegas
- ☒ Hotel Packages in Las Vegas
- ☒ Tickets to Various Concerts/Events
- ☒ Various Merchandise
- ☒ Charitable Donations
- ☒ Exchanged for Cryptocurrency
- ☒ And more

All points may be exchanged for the reward of your choice at a rate of 1 point = \$1USD. Third-party companies, such as travel agents, or ticketing agents, shall provide some of the services in which points are redeemed. Note: The selection of points in the form of cryptocurrency shall be distributed to the wallet in which the membership is located.

- ☑ Note: All disbursements will be available for withdrawal from the 1st - 3rd of each month (72 hour period). Those rewards points not claim in a particular period, will roll-over to the next month (period).
- ☑ Also, Members requesting redemption via cryptocurrency, must redeem via MetaMask or Trust Wallet (USDT / ERC-20)

BACK-OFFICE PORTAL

As a member, you will have access to your private portal, wherein you can:

- ☑ Track your reward points that you have earned from your memberships and its history;
- ☑ Track their Referral & Royalty Bonus Points;
- ☑ Members will be permitted to redeem their points for the requested reward, including crypto currency;
- ☑ And other access to inside information relevant to your membership level.

PLATFORM

Ethereum is a blockchain protocol – powered by the native cryptocurrency Ether (ETH) – which operates as a smart contract platform and decentralized operating system. The Ethereum software is intended for the deployment of large-scale decentralized applications through a decentralized autonomous corporation model. More specifically, Ethereum introduces a new blockchain architecture designed to enable vertical and horizontal scaling of decentralized applications (dApps). A dApp is essentially an application that runs its backend code on a decentralized peer-to-peer network — in contrast to a standard app where the backend code runs on centralized servers.

This results in technology with a blockchain architecture that has the potential to scale up to millions of transactions per second, significantly reduce user fees, and allow fast and easy deployment and maintenance of dApps.

NON-FUNGIBLE TOKEN (NFT)

Non-fungible tokens (NFTs) are unique, non-interchangeable assets, minted on-chain. These tokens can be linked to anything from digital Anime to physical assets. The core attributes of NFTs give them unique value and categorically separate them from other types of assets. These properties include being verifiably unique and indivisible. The transparent nature of the underlying code means that the scarcity and ownership of any given token are evident without the need for a trusted intermediary. We view the emergence of NFTs as a continuation of a paradigm shift from centralized to decentralized systems. This framework is now unlocking fresh business models for the creators of digital and physical collectibles.

The underlying token for each JayTradz Membership NFT encodes a unique contract giving the holder of the NFT rights to earn and redeem points for their membership. share in a percentage of revenue/royalties of the movie and musical soundtrack. These rights are non-transferrable, meaning they cannot be resold onto secondary markets such as Opensea.

BENEFITS OF NFT

Decentralized exchanges have been transformed into non-fungible tokens. There are some advantageous benefits of this cryptocurrency;

EASY OBTAINABLE

The use of NFTs and web3.0 allows you to easily obtain a membership in a private and discrete manner.

TRUSTWORTHY

NFTs are based on blockchain technologies. As such, your membership is secure and protected within your crypto wallet.

AUTOMATED ACCOUNTING

No need to worry about accounting or calculations of your earnings. The smart contract, which can be verified, automates all calculations of points and earnings.

ROADMAP

PHASE-01

which we are currently in. We are developing our updated platform and growing the JayTradz community. As this is a state-of-the-art program, not offered by any other company, we are working on our proprietary platform to ensure its security, functionality, and ease of use.

PHASE-02

We plan to launch our new membership platform on December 1st, 2022. At which time, prospective members will be able to purchase their preferred membership package directly on our website. Our members will instantly be able to generate Rewards Points.

PHASE-03

where we are all about growing the JayTradz community. Initially, our current members will receive a special invite. Then, we will be promoting our memberships to an exclusive clientele from a private network of forward-thinking individuals.

PHASE-04

As our community grows, and our members learn and earn crypto, we will then solidify the success of our program.

WHY GET A JAYTRADZ MEMBERSHIP?

Open for global participants

Crypto technology facilitates the transaction and brings them closer to a worldwide audience. An added benefit of JayTradz Memberships is that they're completely decentralized, so participation can be done freely across borders. The use of technology will facilitate a financial revolution that will leave everyone more financially connected, empowered, and enabled. This NFT has no border so these can be used no matter where you are located globally. This also has a huge effect on international payment fees. Traditionally international transfers have much higher fees than domestic transfers and payments. International payments and transfers with crypto are the same as domestic.

Efficiency of payment transactions

Standard transfers and foreign purchases typically involve fees and exchange costs. Since JayTradz Memberships transactions have no intermediary institutions or government involvement, the costs of transacting and receiving your revenue/royalty payments are kept very low as they are made directly into the NFT holders' crypto wallet.

Increased liquidity for Members

JayTradz Memberships enjoy high liquidity as they are traded because of our Reward Points. The importance of high liquidity includes fair asset prices, market stability, technical analysis accuracy, and quicker transactions.

ETHEREUM Blockchain compliant

JayTradz Memberships are an Ethereum-compliant token means that it supports a few functions that all Ethereum NFTs support.
